Commonwealth Laminating & Coating, Inc. certifies that this list of SunTek® solar window films meet the Internal Revenue Service requirements as an insulation material designed to reduce heat gain and therefore qualifies as an Eligible Envelope Component under Section 25C of the Internal Revenue Code.

Instructions

- 1) Products are sorted by zones. Using the map below, determine your climate zone.
- 2) Refer to the list of qualifying product to verify which SunTek® solar window films meet the criteria for your climate zone.
- 3) Unless otherwise indicated, qualifying films meet the criteria for all of the following: Single Pane, Single Pane Tinted, Dual Pane (Clear/Clear), Dual Pane (Tinted/Clear), Dual Pane (Tinted Low-E/Clear), Dual Pane (Tinted Solar Control Low-E/Clear).
- 4) The presence or absence of dividers, screens, exterior or interior shading devices, shading from foliage, buildings or homes, etc. or shading from overhangs does not affect the qualification status.

Declaration Statement

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.

Jennifer Phillips Shorr
Vice-President, Sales & Marketing – Domestic
Commonwealth Laminating & Coating, Inc.

IRS Notice 2006-26 suggests that the taxpayer is not required to attach this certification statement to their tax return. However the taxpayer should retain this certification statement as part of their tax records. As in all tax matters, the taxpayer is advised to consult their tax professional. Commonwealth Laminating & Coating, Inc. and its sales partners assume no liability regarding the homeowner's ability to obtain a tax credit.
